**EXPENSES:**

If the expense items listed on the following page are applicable to the operation of the real property, please insert the appropriate amount of the expense. If an expense item is not listed, space is provided under miscellaneous expense items to insert the type of expense and the amount. The annual expense item must coincide with the same annual period specified for gross income. You may have to allocate certain expense items that are not incurred annually. For example, exterior painting may be needed every 7 years. Do not include the total expense for such items if the expense was incurred during this annual reporting period. If painting is done every 7 years and the cost is \$21,000, the amount to report would be \$3,000 (\$21,000 divided by 7 years). **Do not include depreciation, mortgage payments, or real estate taxes as expenses.**
