Separate payment dates may be specified for contracts under which goods or services are provided in a series of partial executions or deliveries to the extent that the contract provides for separate payment for partial execution or delivery. Within 20 days after the receipt of an invoice for goods or services, the City shall notify the supplier of any defect or impropriety that would prevent payment by the required payment date. In the event that the City fails to make payment by the required payment date, the City shall pay any finance charges assessed by the supplier that shall not exceed one percent per month. 5. **Unreasonable Charges.** Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges, which appear to be unreasonable, will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, the City shall promptly notify the contractor, in writing, as to those charges that it considers unreasonable and the basis for the determination. A contractor may not institute legal action unless a settlement cannot be reached within thirty (30) days of notification. The provisions of this section do not relieve any city department of its prompt payment obligations with respect to those charges which are not in dispute (Code of Virginia§ 2.2-4363-4364).

b. To Subcontractors:

- a. A contractor awarded a contract under this solicitation is hereby obligated:

The date of mailing of any payment by U. S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier contractor performing under the primary contract. City of Charlottesville COVID-19 Response Document: Procedures for City Staff and Contractor work in City Owned and Maintained Facilities

Purpose:

The purpose of this procedure is to outline the process to be taken by City of Charlottesville (“City”) staff and outside contractors during the COVID-19 healthcare pandemic. Health and Safety shall be a prime concern of the Contractor at all times. The Contractor shall be solely responsible for and have control over the means, methods, techniques, sequences and procedures for coordinating and performing construction, including project site safety and safety precautions and programs. The City’s contract administrator or their designee will have final authority regarding the appropriateness of the Contractor’s plan and execution and will have the final decision regarding admission of Contractors to the work site.

Some City owned or maintained facilities will be temporarily and/or conditionally opened and available for site investigations and/or construction work. Based on recommendations set forth by the Centers for Disease Control (CDC), the Virginia Department of Health and the Thomas Jefferson Health District, all City staff, contractors and vendors must adhere to strict social distancing recommendations, wearing of face coverings, enhanced sanitizing procedures, and apply relevant workplace guidance and regulations from state and federal authorities including:

- CDC: <https://www.cdc.gov/coronavirus/2019-ncov/community/guidance-business-response.html>
- OSHA: <https://www.osha.gov/SLTC/covid-19/controlprevention.html#health>
- Virginia Department of Labor and Industry: <https://www.doli.virginia.gov/vosh-programs/coronavirus-covid-19-resources/>

NOTE: The Virginia Department of Labor and Industry (“DOLI”) passed its Emergency Temporary Standard for Infectious Disease Prevention related to COVID-19 on July 15: <https://www.doli.virginia.gov/wp-content/uploads/2020/07/COVID-19-Emergency-Temporary-Standard-FOR-PUBLIC-DISTRIBUTION-FINAL-7.17.2020.pdf> It includes hazard assessment, communication and training requirements, depending on the types of tasks employees perform at work. The standard became effective on July 27, 2020.

Authority & Definition

The basis of this policy is rooted in the guidance from the Centers for Disease Control (CDC) and the Virginia Department of Health (VDH) regarding transmission of COVID-19. “*Community facilities*” (e.g., schools, daycares centers, businesses) comprise most non- healthcare settings that are visited by the general public outside of a household.

Procedure:

I. Responsibilities of all persons who enter City owned or maintained facilities:

a. Practice and enforce social distancing:

- i. Increase distance between shared work spaces. When physically greeting others, avoid physical contact. (i.e. do not fist bump, shake hands, hugs, etc.)
- ii. Limit work groups to 10 individuals or less and keep at least 6 feet apart. When possible, avoid more than 1 person in the elevator at a time.
- iii. Practice and enforce social distancing with colleagues and visitors by keeping space between yourself and others. Actively monitor and ask colleagues to stay 6 feet apart if feasible.
- iv. Convert most in-person meetings to virtual meetings. Ensure in-person groups are no larger than 10 people and appropriate physical space of at least 6 feet is maintained between each individual.
- v. Increase physical workspace between employees. This includes modifying existing seating arrangements in workspaces, break areas and conference rooms as necessary.

b. Practice preventive measures:

- i. Individuals who are sick should remain at home.
- ii. If a worker shows symptoms or indicates they may have been exposed, they must be sent home. Anyone with a temperature above 100.0 degrees Fahrenheit will not be permitted to work on City property, and if a worker is found to have developed a temperature above 100.0 degrees while working, they must leave the work site.
- iii. Hand-shaking and physical contact are prohibited. Practice cough etiquette.

Cough or sneeze into your elbow or tissues. If you cough into tissues throw them in the trash **and** wash your hands immediately.

- iv. Request visitors who enter the building wash their hands or use alcohol- based hand rubs containing at least 60% alcohol upon arrival and during their visit.
- v. Wash hands frequently with soap and water for at least 20 seconds. If soap and water are not available, use hand sanitizer which should be rubbed on hands until dry, about 20 seconds.
- vi. Face coverings are required to be worn by everyone in shared spaces where social distancing measures cannot be maintained.

Note: Cloth face coverings are NOT surgical masks or respirators and are not appropriate substitutes for them in workplaces where masks or respirators are recommended or required.

- vii. Refrain from talking over documents, equipment, or food items that will be distributed to others.
- viii. For certain occupied facilities, special traffic routes and restroom facilities may, or may not, be available for Staff, Contractor staff and subcontractors. Such restrictions will be detailed in solicitations for work but may be modified as conditions change. Contractors shall review and train, daily, with its employees and subcontractors regarding which foot traffic routes, restroom facilities, and areas of the facility are restricted for the Contractor staff and subcontractors.
- ix. Clean all frequently touched surfaces routinely (i.e. daily).
- x. Maintain an open line of communication with the workforce and keep them informed with the latest news and/or changes which may directly affect them.

c. Specific Responsibilities of the Outside Contractor(s) when entering City owned or maintained facilities:

In addition to the above practices, it is the responsibility of the Outside Contractor to also:

- i. Comply with existing OSHA standards (<https://www.osha.gov/SLTC/covid-19/standards.html>) as these standards apply to protecting workers from the novel coronavirus, COVID-19. The contractor is responsible to remain compliant with all applicable OSHA requirements.
- ii. The Contractor is required to implement a health screening protocol that includes both temperature monitoring and health screening questions to determine if workers are experiencing COVID-19 symptoms or (potentially) exposed to someone with COVID-19 symptoms. Results will be documented and maintained and can be audited by the City's representative at any time.
- iii. Promote frequent and thorough hand washing, including by providing workers, customers, and worksite visitors with a place to wash their hands. If soap and running water are not immediately available, provide alcohol- based hand rubs containing at least 60% alcohol.
- iv. Provide reminders to their staff of the importance of regular handwashing and take all precautionary measures to ensure that workers have hand washing facilities, or an alternative to prevent further spread of the virus.
- v. Ensure hand sanitizer is fully stocked in all portable restrooms.
- vi. Provide to workers, customers, and worksite visitors cloth face covers which cover the mouth and nose.
- vii. Maintain enhanced housekeeping practices, including routine cleaning and disinfecting of surfaces, equipment, and other elements of the work environment.
- viii. Ensure that all safety related information (including signage) is relayed to the workers in their native language as to ensure that they will understand the message.
- ix. Submit the contractor's plan for responding to a COVID case in terms of worker removal from jobsite, notification, workspace cleaning, and return to work. This plan must include immediate notification of the City's contract administrator of a worker who is or has been working on City property who is suspected or who has tested positive for COVID 19. NOTE: If a COVID case involving City employees occurs in the proximity of the contractor's jobsite, the contractor will be notified.
- x. Upon completion of work, the entire work area shall be thoroughly cleaned and disinfected with a disinfectant approved by the Environmental Protection Agency.

Thank you in advance for demonstrating community care by implementing the above prevention measures.
